Fabrazyme® Shortage

FIN extends its deepest sympathies to the global Fabry community as many are enduring difficulty during the global shortage with Fabrazyme®. We understand your suffering and that your needs are currently not met. Further delays with the new Genzyme Framingham factory means the shortage continues into 2012.

FIN is here to Serve, Unite and Represent its members as a collective **VOICE**.

FIN's Vision is of a world where every person affected by Fabry disease has the best quality of life possible through early diagnosis, treatment and cure. Please let us know how you feel! [CONTACT US](#)

FIN Fabry Treatments Survey Report

Countries

FIN sent its Fabry Treatments Survey (online survey) to FIN member patient organisations to distribute to Fabry families. The survey was translated into 6 languages. Over 442 responses were collected and analysed. Thank you to those of you who completed the survey.
